Signature: _____ Date: _____

By signing above I/we hereby request to join the *Friends of Education* Movement in Tanzania. As a *Friend of Education* I/we commit to work towards realizing the right to education for all in Tanzania. In this regard, at all times I/we shall act on my/our own behalf and will abide by the laws of Tanzania within the framework of international conventions ratified by the country. I/we shall not at any time claim or imply to be acting on behalf of or otherwise representing HakiElimu or its affiliates. I/we shall be responsible for my/our own actions. HakiElimu or its affiliates shall at no time be held liable whatsoever for my/our actions.

What are You Doing to Improve Education?

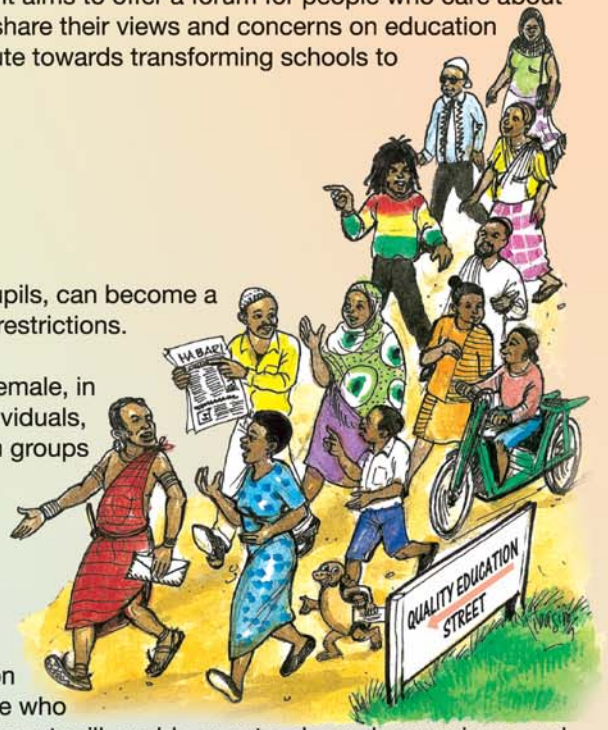

Harakati za MARAFIKI wa ELIMU

Together We Can Make a Difference!

What is the Friends of Education Movement?

It is a Movement of concerned individuals and organizations throughout Tanzania who want to improve and make a difference in education.

The *Friends of Education* Movement aims to offer a forum for people who care about education throughout Tanzania to share their views and concerns on education issues. The Movement will contribute towards transforming schools to provide quality education for all.

Who can Become a Friend of Education?

Anyone and everyone, including pupils, can become a *Friend of Education!* There are no restrictions.

You can be young or old, male or female, in or out of school. In addition to individuals, we also welcome applications from groups and associations.

Why Should I Join?

Becoming a Friend will give you a chance to be informed on education issues and connect you with people who care about education. The Movement will enable you to channel your views and concerns to education authorities and share ideas and experiences with other people with similar interests. This will promote opportunities for you to learn from each other and work together to promote the right of every child to enjoy basic education with quality.

What Will I Receive?

- *Friends of Education* membership kit
- Copies of the newsletter 'SautiElimu' three times a year
- HakiElimu annual calendar
- Updates on the activities of other *Friends of Education*
- Plus other publications and information

These materials will keep you up to date on issues in education in Tanzania and on activities of the *Friends of Education* Movement.

What is my Role as a Friend of Education?

Your role is to bring changes in education in your community. There are many ways you can do this. For example;

- Join other *Friends of Education* Movement in your area
- Talk to your local school committee and/ or teachers
- Ask pupils or your children about their school. What are their experiences, what problems do they have, what do they like about school.
- Contact organizations working on education in your area
- Request materials and share them with others in your community

If you have any other examples please send them to HakiElimu and we will share them with other Friends of Education.

What will HakiElimu do for me?

HakiElimu is just a facilitator of this Movement. The responsibility of leading this Movement and improving education is yours! The strength of the Movement depends on you! On our part we commit to:

- Link you with others in *Friends of Education* Movement
- Provide you with information on education issues
- Forward your letters to relevant authorities
- Provide you with our publications and other information
- Try our best to respond to your questions

You are the one who can make a difference!
